

STRIKERS WILL NOT FIGHT BACK

Coal Company Property to Be Vacated Without Trouble.

BRAFFET PREPARING NOTICES

TENTS WILL BE PROVIDED FOR UNION MEN.

(Special to The Herald.)
Sunnyside, Dec. 18.—A meeting of strikers was held here this forenoon for the purpose of selecting a delegate to go to Helper to confer with Kelliher. The object of the conference was stated at the meeting but the strikers privately stated to The Herald that they were not going to the meeting at Helper. It was stated to be for the purpose of making a statement to be made to Kelliher by representatives of all camps of the company. Kelliher says he has no knowledge of any conference and will not meet any representatives of the strikers.

Thomas Phelps, an old employee of the company, was chosen as delegate. Sunnyside at the meeting with Kelliher. Jack Coombs has been elected recording secretary of Sunnyside union in place of William Bailey, who has left the camp.

Tents For Strikers.
It was announced at the meeting this morning that tents in abundance to accommodate the strikers after eviction could be brought here on three or four days' notice to be erected on land owned by Senator C. Whitmore, adjoining the company's ground here. The strikers are purchasing beef from Whitmore for support of their families.

In an address this morning Financial Secretary David Wilson urged the strikers to the eviction notice without resistance. "Do not even argue with them," he said, "but go out peacefully when ordered, without any sort of violence. As we well know, the company controls all the courts of Carbon county and we would be certain to get the worst of it if we made any resistance or argued with them. So be sure to leave when asked, without any opposition."

Eviction Cases.
M. P. Braffet, of Weber & Braffet, Salt Lake, is here and busy preparing eviction cases. The complaints are signed by Superintendent J. R. Sharp of Sunnyside and ask payment of rent or vacation of property. Twenty of these cases at the time of the hearing strikers who are in arrears for rent and refuse to vacate premises. The defendants are given four days to answer. Rent and damages in small amounts are asked for, as well as restitution of the premises. About 300 complaints in another class of cases are now being prepared for all the camps of the company. The latter are cases of some of the men who are paid up to Dec. 31, and also in cases where the men hold leases on small amounts of land and improvements. These men are notified to move the improvements off by Dec. 31. Service in these cases is to be made about Jan. 2, and damages will be asked for failure to comply with the order to vacate.

Willing to Sell.
Many of the strikers say they are willing to sell their improvements to the company for cost and the company's men are willing to buy. The latter has not yet stated whether any will be purchased. Some transfers of homes

owned by strikers to new miners are being made.

Strikers are leaving by train and wagon daily, some wagons carrying calves, dogs, etc., in addition to families and household goods.

Work at the mines continues without interruption from the strikers. One striker stated to The Herald this morning his belief that if the soldiers left and the company guards were reduced in number the "scabs" would go in a hurry, but he did not admit that the strikers would use violence in such case. The strikers generally counsel against violence and trouble is not probable in this camp.

EDLER AGAIN IN COURT.
Salt Lake Attorney Allowed to Defend Strikers.
(Special to The Herald.)
Sunnyside, Utah, Dec. 18.—Ralph Seale, a Hollan strike, was before Justice Hill on two charges this afternoon—disturbing the peace and assault with a deadly weapon. Seale arrived at noon from Salt Lake and defended, while the other side was represented by the state. In the first case Seale was accused of calling Joe Perri a scab and other objectionable names, and threatening to shoot him, all on Dec. 10. Perri is in the employ of the Utah Fuel company. The other case was the complaint of William Seale, a fellow defendant with Seale, but the case against Seale was dismissed on motion of the state. The second charge against Seale was that he pulled a revolver in the company store on Nov. 21, while looking toward County Treasurer James Lounsbury, and uttered threatening remarks, but had the weapon forced back into his pocket by a companion. Lounsbury was not present at the hearing, and Constantine R. O. Rasmussen, of Sunnyside, is the complaining witness in the second case.

Justice Hill reserved decision in the first case until after the hearing on the second, and then found him guilty on the first charge and dismissed the second. A fine of \$25 and costs in the first case was paid. Nearly all who figured in the case as witnesses are Italians, and most of the testimony was given through an interpreter.

Before the Seale case came up David Wilson, financial secretary of the union, waived examination on the charge of assisting an officer of the national guard of Utah, Lieutenant Kneass, and was bound over to the district court under a bond of \$250, the cash being furnished by Robert Lee.

DEPUTIES SWORN.
Oversight Remedied by County Commissioners.
(Special to The Herald.)

Price, Utah, Dec. 18.—The board of county commissioners in session this afternoon, confirmed the numerous deputy sheriffs appointed by Sheriff H. Wilson at the time the coal miners' strike in the four camps of Carbon county was inaugurated. The men otherwise known as company guards, are to draw no pay from the county, but are to be remunerated by the Utah Fuel company. They have been drawing from the company \$5 a day, it is stated, and are boarded and lodged in the company houses. About a hundred of them are still on duty, and the greater number of these are to remain until after the strike is definitely settled. A considerable number have been let out, owing to the fact that they are no longer needed, their duties being simply to guard the company's property and where necessary to assist the local officers.

Tonight it looks as if the Castle Gate mine will on Monday next have quite twice as many deputies to go to work as had been calculated upon by the company officials. The town which left Salt Lake City at 3:15 o'clock this afternoon brought thirty-five men to the camp, they being picked up through Sappet and as far up as Salt Lake City. Thirty came down today from Sealeville. Their places are to be filled by a contingent from the south already engaged. Sixteen went there tonight from Price and Sunnyside, while forty are expected in tomorrow from southern Utah settlements. With the forty already at Castle Gate last night this will give 166 as a starter on Monday. These figures are given by an employee of the fuel company who knows whereof he speaks, and may be depended upon as reliable.

The output at the two upper camps today is about the same as yesterday. The train from Sunnyside tonight brought thirteen cars of coke and coal, an increase over yesterday. Yesterday's light output was due to a break in machinery.

WARRIORS MEET STUDENTS TODAY

Football Massacre Scheduled For This Afternoon.

INDIANS TO DO SCALPING

VARSITY THE TEAM TO BE SHORN OF ITS LOCKS.

***** Position *****
Carlsle Utah
Davis L. T. Stroble
Owen L. T. Stroble
Dillon L. T. Stroble
Shonick L. T. Stroble
Lobo R. G. Ray
Kendine R. T. Peterson
Johnson R. T. Peterson
Sheldon L. H. B. Uitt
Charles R. H. B. Uitt
Williams F. B. Bennion

Eighteen trim built youths, neatly groomed, the wards of Uncle Sam, students of the Carlsle Indian school of Pennsylvania, accompanied by Coach Warner and Dr. Waite, stepped off the train yesterday, and after registering at the Kenyon, walked around the streets of the city, sightseeing. The party was the famous Carlsle football team, which this year has made such a remarkable showing on the eastern gridiron against the best eleven in the country.

The party attracted attention wherever it went, and those who expected to see a lot of husky, raw-boned Indians were doomed to disappointment. The members of the team are all quiet, unassuming, many looking like a crowd of theological students rather than members of one of the strongest football eleven in the country. Dressed in neat fitting blue uniforms, the boys won the admiration of everyone.

Team Has Excellent Record.
While the team does not look nearly as husky as other football aggregations that have visited this city, its record far exceeds any team that has ever stepped within the confines of the city. They play the game from the beginning to the end and win by putting up an article of football on the gridiron. Coached to a degree that is well high perfect, the Indians have little trouble in defeating teams which average many pounds to the man heavier than they do. Their average score is 30 to 0, and they do not look to weigh any more.

Coach Warner, who has charge of the team, was an earnest student of the game, and like the members of the team had very little to say, preferring to let the public judge for itself. He is a native of the state in action. He did say, however, that this team would win, but would not run up as large a score as many thought. According to Warner, the first team would be put in the field and the men would use all their plays. He expected there would be a number of goals kicked from the field and the many trick plays executed so successfully this season would be used. Warner says the men would play fast, snappy ball, relying on this style of play to keep the "varsity" boys off their feet. The Indians will try hard to keep the varsity players from scoring.

Locals Say They Can Score.
One of the local team score against the Carlsle team? The one question that is being discussed by local football enthusiasts. Those who have followed the careers of the two teams think not, but not so many of the players of the "Varsity" team. They think they will score before the game is over and are going in with that intention. Coach Holmes, who went last evening, said it was his chief reason in getting into the game to show the local public what up to date football is. He said he did not think for a moment that the varsity team would win, but that the boys would have a chance to learn what real football is. He did not care to be quoted on how large the score would be, remarking that it would be interesting anyway, no matter what the Indians did to his team.

No matter how hard it may snow today it will not in any way interfere with the game according to both Coaches Holmes and Warner. The latter said that the Indians had defeated Northwestern, Chicago on Thanksgiving day by a score of 25 to 0 in a blinding snowstorm, and that he did not think a little Utah snow would hurt the red men. Every arrangement has been made to take care of a large crowd. The game will be called at 3 p. m.

GAVE UP IN DESPAIR.
Los Angeles, Dec. 18.—E. H. Prince, a carpenter, whose home is in Carbon, Colo., where he has a wife and four small children, committed suicide in his room today by inhaling illuminating gas. Despondency over his separation from his family is supposed to have been the cause. He left a note addressed to his wife, saying: "Dear Bertha, don't let the kids know how I quit."

SATURDAY SPECIALS

Today is going to be an unusually big day, for we are quoting prices to bring the crowds, SLIPPERS and WARM LINED SHOES. Selling Cheaper Than Most Stores Buy Them For!

See our south window, a MOUNTAIN of GOODS at prices that will make you wonder.

COUGHS, COLDS, GRIP

Duffy's Pure Malt Whiskey Cures and Prevents Coughs, Colds, Grip, Consumption, Catarrh, Bronchitis, Asthma and all Run-Down, Weakened, Diseased Conditions of Body, Brain, Nerve and Muscle.

CURED

Grip nearly always leaves behind it complications of the kidneys, liver, heart and lungs, which are apt to end fatally at any minute. Duffy's Pure Malt Whiskey has cured thousands of cases after all else has failed—when even doctors had given them up. It kills disease germs; builds up the tissues; tones up the heart; enriches the blood; stimulates circulation; gives power to brain, strength and energy to the muscles. It brings into action all the vital forces and enables you to get from food all the nourishment it contains. It cures dyspepsia, indigestion, and every form of stomach trouble; nervousness, neuritis and all the other ailments that are the result of overworked men, delicate women, and sickly children. It is a promoter of health and longevity.

KEEPS THE OLD YOUNG—THE YOUNG STRONG.

Do not wait until you are actually attacked by disease. Begin at once to take into your system Duffy's Pure Malt Whiskey three times daily, and get your system into a strong, healthy, vigorous condition. It will soon be as well as ever. —Mrs. B. Shaul, Charlotte, Mich.

BRONCHIAL CATARRH FULLY CURED.

"I was troubled with bronchial catarrh for over three years. Am studying for a doctor and have tried all medicines known to the medical profession for the relief and cure of the disease, but got no better. Whenever I got a little cold, the bronchial tubes would close up, and for days I could hardly breathe. I time I had inhaled the third bottle, I had regained my 25 pounds, my appetite was splendid, my chest was as strong as a rock, and I never felt better." —A. Heckman, 101 Broad St., Albany, N. Y.

CAUTION.—When you ask for Duffy's Pure Malt Whiskey, be sure you get the genuine. Unscrupulous dealers, who are put on the market for profit only, and which, far from relieving the sick, are positively harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure Malt Whiskey which contains medicinal health giving qualities. Duffy's Pure Malt Whiskey is sold in sealed bottles only, never in flask or bulk. Look for the trade-mark, the "Old Chemist," on the label. Beware of imitations.

Sold by all druggists and grocers or direct, \$1.00 a bottle. Medical bottles free. Duffy Malt Whiskey Co., Rochester, N. Y.

Nelden-Judson Drug Co., Wholesale Agents.

Duffy's Pure Malt Whiskey

Contains no fusel oil, and is the only whiskey recognized by the government as a medicine. This is a guarantee. It is prescribed by over 7,000 doctors, and used in more than 2,000 leading hospitals.

THE ONLY CURE FOR GRIP.

Dr. William H. Morse, the eminent practitioner and world-renowned therapist, says: "Duffy's Pure Malt Whiskey is the only absolute cure for the grip; it builds up the system, and enables it to throw off the grip germs, and prevents bad after effects, because it is chemically pure and contains great medicinal properties."

HEART STRENGTHENED AT 61.

"I was thin and weak when I began taking Duffy's Malt Whiskey, but have been greatly benefited by it. The action of my heart is much strengthened, and I am taking on flesh. My circulation is also better."

"Duffy's Pure Malt Whiskey is a wonderful medicine, especially for old people. I am 61."

Mrs. Julia Harrison, Cincinnati, N. Y.

"INCURABLE" CONSUMPTION CURED.

"My sister was given up by several of our best physicians to die of what they called 'incurable' consumption. They could do nothing further for her, after being using Duffy's Pure Malt Whiskey. She has taken three bottles and has improved so splendidly in general health."

Run Down—Gained 25 Pounds.

"I was all run down, my nerves were unstrung, my appetite was poor, and I had lost 25 pounds in weight. I happened to read a testimonial of Duffy's Malt Whiskey, and bought a bottle, and began taking it. Before I had finished half the bottle, I began to improve, and by the time I had finished the third bottle, I had regained my 25 pounds, my appetite was splendid, my chest was as strong as a rock, and I never felt better." —A. Heckman, 101 Broad St., Albany, N. Y.

CAUTION.—When you ask for Duffy's Pure Malt Whiskey, be sure you get the genuine. Would Be Just Cute!

Duffy's Pure Malt Whiskey Cures and Prevents Coughs, Colds, Grip, Consumption, Catarrh, Bronchitis, Asthma and all Run-Down, Weakened, Diseased Conditions of Body, Brain, Nerve and Muscle.

Throat and Lung troubles attack only those who let their systems become weakened and run down through overwork, worry, exposure to wet and cold, or disease.

Duffy's Pure Malt Whiskey is an absolutely pure, gentle and invigorating stimulant and tonic, which builds up the worn-out constitution, and keeps it always in condition to successfully throw off and resist disease.

The little cough or cold, allowed to run on without proper treatment, develops into a dangerous grip, bronchitis, pleurisy, pneumonia and consumption, and fills the lungs with thousands of the graveyards of this country. In New York alone last year there were over 60,000 cases.

THAT'S THE ANSWER.
